

Overview of Hazard Incidents in April 2017

April 2017 was a hazardous month with flash flood, hailstorm, tornado, lightening, nor'wester, embankment collapse, riverbank erosion, fire, boat and launch capsizes occurring throughout the country. However, the flash flood, which started in March 28, was most severe. It destroyed standing boro crop in the fields, livestock and fisheries in the six hoar districts, namely, Sylhet, Sunamganj, Netrokona, Moulvibazar, Kishoreganj and Habiganj.

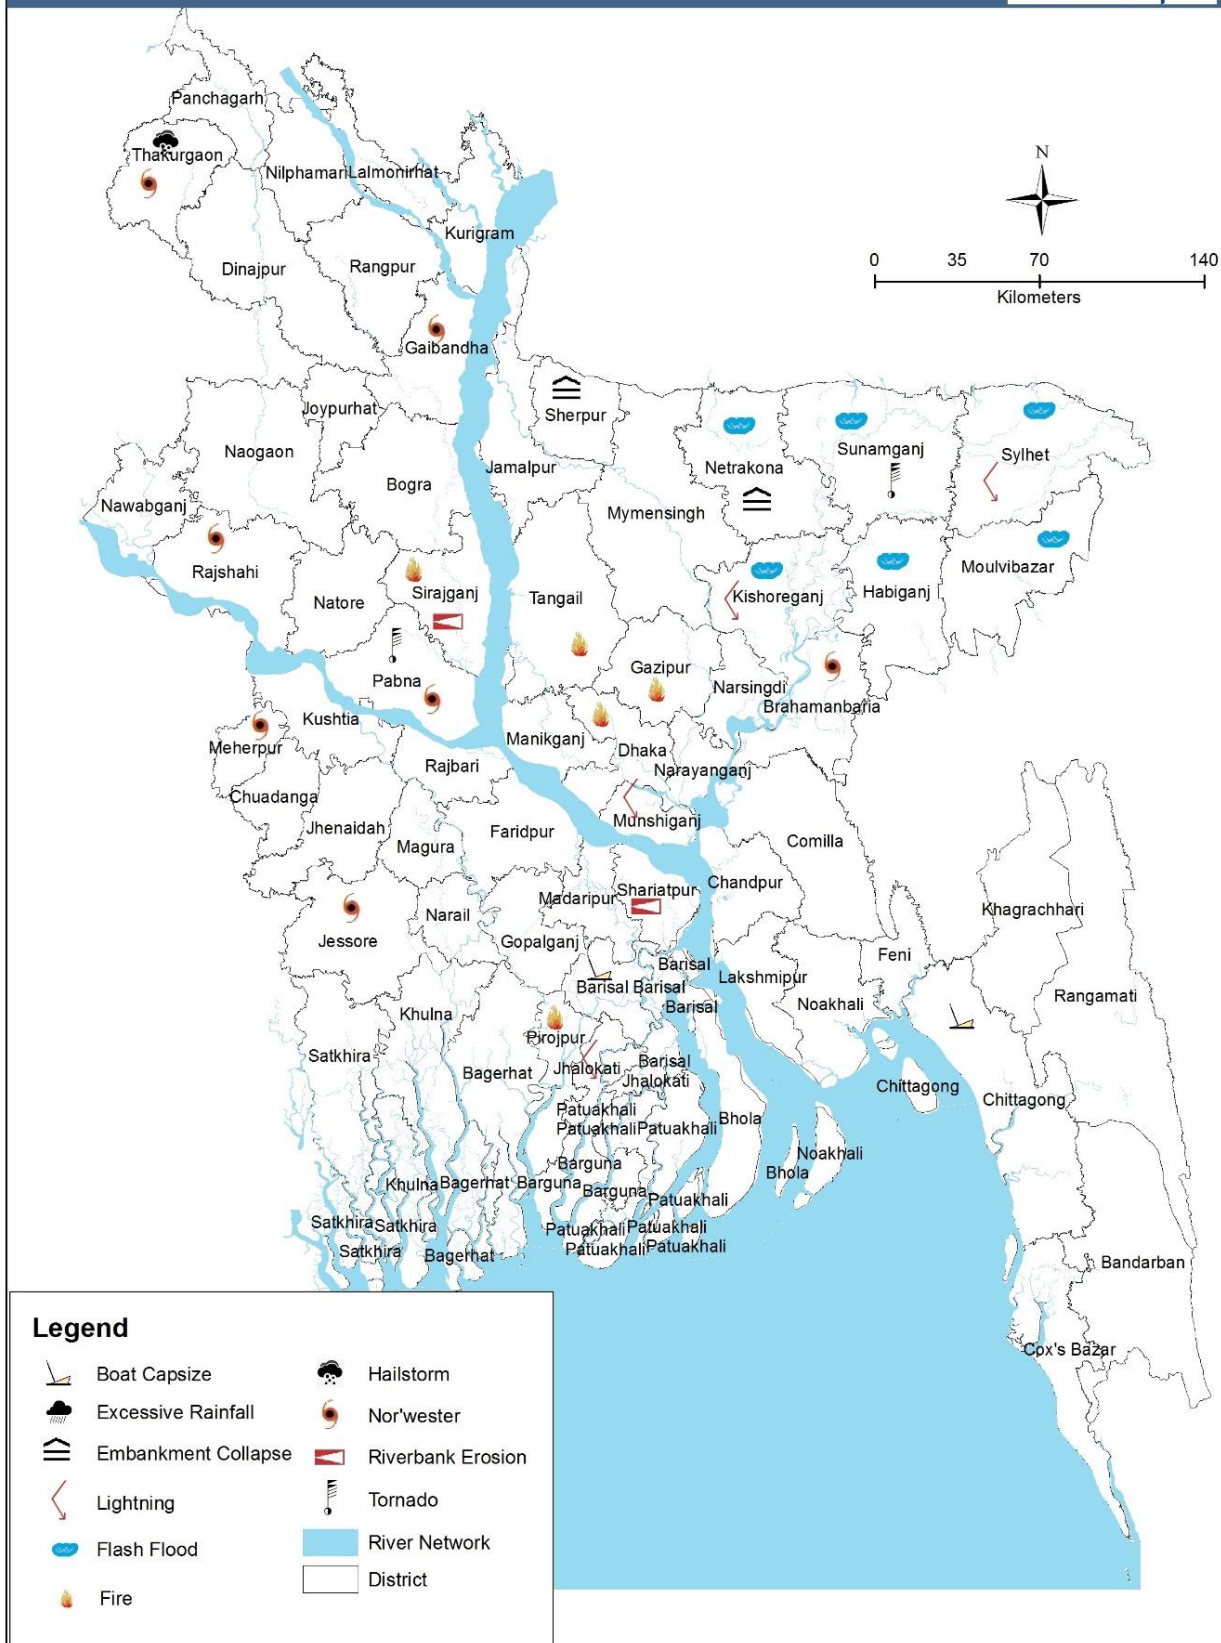

Among the other hazard, fire caused injury of 50 garment workers as well, guttered 10,000 sq. feet warehouse and 28 shops with financial loss amounting to approximately BDT 6.2 million. 8 people died in Sylhet, Jhalokathi, Kishoreganj and Munshiganj due to lightening throughout April.

Another impactful hazard was nor'wester which causes death of 9 people, 1 injured, 700 houses were damaged, 3 units of Ashuganj power station stopped functioning, damage of Boro crop field in some area in districts such as Rajshahi, Pabna, Thakurgaon, Meherpur, Gaibandha and Jessore.

234 people were injured, more than 2888 houses fully and 8521 houses partially damaged, many trees uprooted and electricity connection disrupted in Pabna and Sunamganj districts due to Tornado on April 03 and 30.

Description of the Incidents in April 2017

Flash Flood

Heavy rainfalls as well as onrush of water from the upstream Meghalaya hills in India have led to the inundation of a vast areas of croplands of Haors and low-lying areas of the northeast. Flood started on 28th March affecting six districts (Sylhet, Moulvibazar, Sunamganj, Habiganj, Netrokona and Kishoreganj) in the north east region. Rising water overflow and breached embankment in many places and inundated vast areas of croplands. It destroyed nearly-ready-for-harvesting boro rice in about 219,840 hectares areas. Detailed impact Scenario of flash flood in April is given below tables:

Districts	Affected Upazilas	Affected Unions	Affected HH	Fully Damaged Agricultural Land (Hec.)	Damaged House	
					Fully	Partially
Sunamganj	11	88	172,617	102,436	2,600	15,000
Sylhet	13	105	212,570	26,715	20	10

Total			8 people died and 1 injured		

Embankment Collapse

In April, 2 incidents of embankment collapse occurred in Netrokona and Sherpur which inundated more than 15,700 hectors of agricultural land. Impacts are given below in detail:

Table 09: Loss and damages by embankment collapse in April 2017					
Date	Location		Impact	Source	Remark
	District	Upazila/ Thana			
April 03	Netrokona	Khaliajuri	15,700 hector agricultural land inundated.	<i>The Daily Janakantha</i> , April 04, 2017	3 Haors named Kirtonkhola, Pangashia and Roail were inundated due to the excessive pressure of water of hilly river Dhanu and excessive rainfall. 5000 hector Boro land is already under water.
April 22	Sherpur	Nalitabari	Boro rice of 500 acre land is inundated. Water induced to hundreds of houses caused water logging.	<i>The Daily Prothom Alo</i> April 23, 2017	According to BADC, 65 feet embankment were collapsed since December, no initiatives were taken to repair that. Due to this negligence, that incident occurred, reported to the Sherpur Correspondent.
Total			More than 15,700 hector agricultural land inundated.		

Tornado

In April 3rd and 30th Tornado took place in Aminpur of Pabna district and in 11 upazilas of Sunamganj districts which causes injury to 234 people and more than 2888 houses fully and 8521 houses partially damaged, many trees uprooted; electricity connection disrupted.

Table 10: Loss and damages by Tornado in April 2017					
Date	Location		Impact	Source	Remark
	District	Upazila/ Thana			
April 03	Pabna	Aminpur	150 people injured including women and children; almost 300 houses damaged; many trees uprooted; electricity connection disrupted.	<i>The Daily Janakantha</i> , April 04, 2017	Exact amount of damages are being assessed. But local administration stated that, it is not sure if the effected people would get any Government assistance.

Table 10: Loss and damages by Tornado in April 2017

Date	Location		Impact	Source	Remark
	District	Upazila/ Thana			
April 30	Sunamganj	Sadar	80 injured, 500 houses fully and 1500 houses partially damaged	NDRCC Report, May 01, 2017	-
		Chhatok	8 people injured, 602 houses fully and 1522 houses partially damaged		
		Biswambarpur	275 houses fully and 790 houses partially damaged		
		Dirai	52 houses fully and 150 houses partially damaged		
		Doara Bazar	900 houses fully and 2400 houses partially damaged		
		Jamalganj	930 houses partially damaged		
		South Sunamganj	300 houses fully and 650 houses partially damaged		
		Dharmapasha	50 houses partially damaged		
		Tahirpur	259 houses fully and 559 houses partially damaged		
		Jagannathpur	-		
	Sulla	-			
Total			234 people injured, more than 2888 houses fully and 8521 houses partially damaged, many trees uprooted; electricity connection disrupted.		

Riverbank Erosion

150 homes and crops of the 3 village have been merged in the Jamuna in Sadar and Kazipur upazilas of Sirajganj district in April 12 and 17 due to riverbank erosion. Details given below:

Table 11: Loss and damages by riverbank erosion in April 2017

Date	Location		Impact	Source	Remark
	District	Upazila/ Thana			
April 12	Sirajganj	Sadar, Kazipur	150 homes and crops of the 3 village have been submerged in the Jamuna	<i>The Daily Janakantha</i> April 13, 2017	Due to the increase of Jamuna water in Sirajganj point, the disruption of the river has started in Sadar upazila and on the Shuvgachha point in Kazipur upazila. The cracks in the flood control embankment in Bahuka point have been found that at any moment the embankment can be collapsed. Many women and men, are living under open sky lost their homes.
April 17	Shariatpur	Zazira Naria	No impact	<i>The Dially Prothom Alo</i> , April 18, 2017	People of these areas are in fear to be affected by riverbank erosion of Padma and being homeless.

GOB Responses in April

Response in Nor'wester: In Rajshahi, nor'wester took 1 life in Godagari upazila. DDM ensured to assist BDT 20,000 to the family of the dead (NDRCC Report, May 01, 2017).

Response in Flash Flood: The Government of Bangladesh has targeted 330,000 (of the total 850,088) households to provide assistance. The support include mainly GR (rice and cash), VGF, cash through Employment Generation Program for Poorest scheme and C. I. sheet and cash for housing. In addition,

the government assistance included special cash grant under VGF. Details of the assistance is are in the table below:

Table 12: GoB allotment for the affected people									
Districts	No of families (till July)	GR		VGF		EGPP		C. I. Sheet (Bundle)	Cash for housing (BDT)
		Rice (MT)	Cash (BDT)	Rice (MT)	Cash as special grant (BDT)	No of beneficiaries	Cash (BDT)

Source: DDM Report on Damage Information and Relief Distribution on Flash Flood, April 28, 2017

Conclusion

Flash flood was the most hazardous incident in the month of April. People of the affected areas suffered due to loss of crops, fisheries and live stocks every day. Response and preparedness activities by the Government are quite adequate. Along with flash flood, several fire and lightning incidents were occurred in April made severe impacts on human lives along with few injuries.
