Monthly Hazard Incidence Map in Month of May 2023

Description of Hazard Incidents in May 2023

Boat Capsized

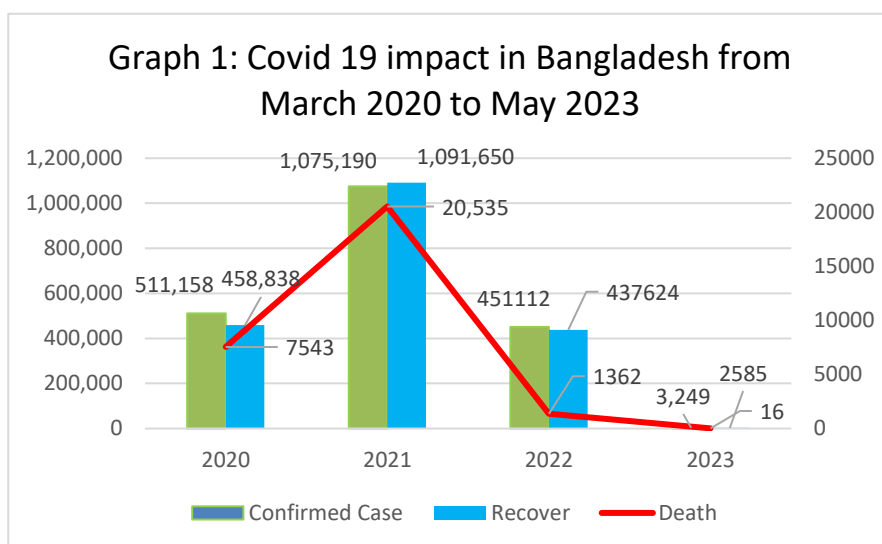

One incident of **Boat Capsized** happened in Rajbari district on 18 May 2023. Due to Boat Capsized, about **one lakh taka** loss was reported ([prothomalo](#)).

Bridge Collapse

A **Bridge Collapsed** happened at Pirgacha upazila in Rangpur on 30 May in 2023. As a result of this incident, the communication system was suspended, and it disconnected **250,000** people from **60** villages across five unions in Pirgacha upazila. On the other hand, farmers cannot travel to markets for purchasing essential supplies such as seeds and fertilizers ([dhakatribune](#)).

Covid-19

The number of newly identified patients with **Covid-19** has **110** from **1st May to 31st May 2023**. In this month **613** people have **recovered**, and no death which indicates both the number of death and the confirmed cases have decreased compared to April. The total number of confirmed cases has **2039347** from the first identification of Covid-19 in Bangladesh in March 2020. The total death and recovered to the end of April was **29446** and **2006267** respectively ([DGHS](#)). See the details in [Annex1](#) for more details information.

Cyclone

According to the Department of Disaster Management (DDM) and the Ministry of Disaster Management and Relief (MoDMR) several damages were caused by Cyclone Mocha. The assessment revealed that a total of **4** districts, **26** Upazilas (sub-districts), **99** unions, and **429,337** Bangladeshi nationals were affected by the cyclone. The damage assessment identified 2,052 fully damaged houses and **10,692** partially damaged houses. **703** acres of cropland have been destroyed. On the other hand, according to the Department of Public Health Engineering (DPHE) primarily in Teknaf, **11,555** latrines and **266** water points have been damaged. The volume of solid waste has also increased due to debris, fallen branches, and damaged infrastructure.

Dengue

Based on [DGHS](#) daily situation report, the confirmed cases and death of **Dengue** increased in May compared with April month. In May, just **24** districts suffered from dengue, and as usual, **Dhaka** has the highest number of confirmed cases (**864**) and deaths (**2**). Secondly, the Chattogram district confirms cases (**81**). In May the total number of confirmed cases are **1037** and a total of **2** people died whereas in April it was lower compared to May. See the details in [Annex 2](#).

Fire

According to the [NDRCC](#) report and different dailies, **714** fire incidents took place across the country in May 2023. Dhaka division reported the highest number of fire incidents (**182**), followed by Chattogram division (**113**), Rangpur division (**107**), Khulna division (**94**), Mymensingh division, (**79**), Rajshahi division (**67**), Sylhet division (**37**), Barishal Division (**35**). Among the **714** incidents, **eight** people **died**, **fourteen** were **injured**, and several property damages were recorded such as shops, houses, family's houses, etc. The

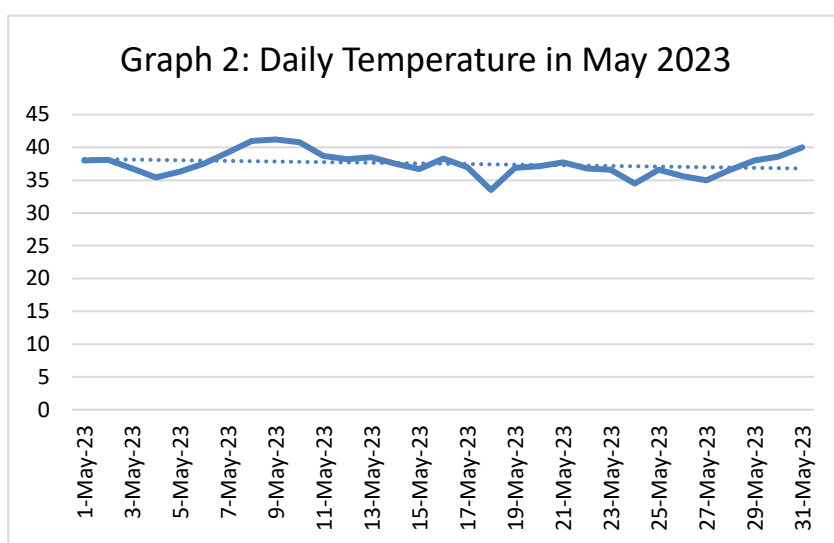

estimated losses were recorded as approximately **70 lakhs**. For more details, see [Annex 3](#) and the below table.

Division	No. of Incidents	Impacts
